Pretoria, SA

2019-2022

## Work experience

### Statistics Teaching Assistant

2023

- Conduct practical sessions three days a week; whereby, theoretical concepts are quantified using Microsoft Excel.
- One on one consultations two days a week aimed at assisting students who fall short of understanding concepts covered in class.
- Marking test scripts for class tests and semester tests.

### Financial Accounting Tutor

2021-2022

- Coordinated with students to meet goals they identified as challenging in learning outcomes.
- Held zoom consultations with 20 + students and guided them in notetaking strategies, nudged them to prioritizing assignments and breaking down complex concepts.
- Improved students performance in informal class tests by up to 25%.

### Financial Manager of Shopballoonsza

2021-2022

- Built a inventory management system using excel, a inventory schedule which notifies the owner when stock on hand has almost run out.
- Conduct financial analysis and reporting for day to day transactions which have significantly elevated transparency in this small business.
- Generate monthly budget reports which has decreased unplanned expenses by 18%.

## Leadership experience

### Stars Mentorship Programme

2020-2022

- Assisting seven students transition into university life. This includes sharing my personal experiences and mistakes in the hopes that they will make better choices. Guidance over personal matters which improves mentees real world readiness.

### Tulip Ambassador

2021-2022

- Successfully facilitated holistic development sessions for high school learners which saw an increased turnout by 12% quarter on quarter
